

ENVR 110 Intro to Environmental Studies

Peer Reviewed Journal Article

Objectives

There are a number of objectives for this project:

- Provide more in depth information on specific environmental issues.
- Become familiar with professional or peer reviewed journals.
- Apply information to readings and discussions from class or your own experience.

Assignment

- Complete the reading assignments for the day.

Feb 10th, Environmental Economics

Mar 24th, Global Climate Change

- Chose a particular topic related to the topic for the day that interests you.
- Obtain a peer reviewed journal article on the topic.
- One-page write-up, to be handed in with copy of the first page from the article.

Write-up

Typed, double spaced, use 12 point font, 1-inch margins

- Summarize the environmental issue/topic in the journal article.
- Explain how the article relates to the readings or discussion in class.
- Discuss how this article influenced your views on the issue.
